Release Notes

NGTrans Feature Enhancements

Enhancements & New Features

1. NGTrans Adapter Updated to Handle PINDEBIT without EBT Flag Set

NGTrans does not allow PINDEBIT RETURN, but due to the way EBT was integrated into the PINDEBIT class, RETURN is used. Now, if the adapter receives a PINDEBIT RETURN without TxnData/EBTType, an error returns with the message "PINDEBIT RETURN only supported for EBT transactions."

TFS ID	Description
151017	Update NGTrans to handle PINDEBIT without EBT Flag set
