

Release Notes

eService Updates

Enhancements & New Features

1. Implement Recurring Bill Payments

Updates were made to implement recurring bill payment transactions for eService. A recurring transaction is a transaction for which a cardholder provides written permission to a merchant to periodically charge their account number for recurring goods or services, such as subscriptions, membership fees, tuition, or utility charges.

TFS ID	Description
141520	eService: Implement Recurring Payments

2. Add Disburse as Supported Operation

Updates were made in order to support a new ISV partner, Iberia Airlines, which services the Spanish market. Specifically, the transaction's life cycle TransactionIds that are returned from Visa and MasterCard have been added to the Authorization response.

TFS ID	Description
163644	Add Disburse as supported operation to eService Service Config

3. Iberia Support

Updates were made in order to support a new ISV partner, Iberia Airlines, which services the Spanish market. Specifically, the transaction's life cycle TransactionIds that are returned from Visa and MasterCard have been added to the Authorization response.
